Facilitating Grief Recovery

This six hour workshop will address the grief process for adults and children for all types of death experiences (homicide, suicide, accidents, natural disasters, sudden deaths). Experiential techniques will be utilized to demonstrate children's responses and unresolved losses, and use of talking, writing, drawing to process loss. This workshop is appropriate for psychologists, counselors, social workers, nurses, administrators, teachers, police officers, firemen, and EMTs.

OBJECTIVES

Participants will be able to:

- Describe children and adult's grief process
- Identify indicators that a child or adult has unresolved loss issues
- Model appropriate techniques to facilitate expressions of grief, participation in closing rituals, and remembrance activities
- Organize a school response

AGENDA

- Describe the adult grief process
- Describe the child's grief process
- Dysfunctional responses to loss
- Homicides, Suicides, Natural Disasters, Multiple Deaths: What makes them different?
- Identifying high risk individuals
- Announcing deaths, preparing for closing rituals, appropriate remembrance activities
- Talking, writing, drawing activities
- Evaluation

Call 859-806-6236 for more information.
